

## Licensing Agreement for “Universal Sordino Timbral Impulses”

Please read the terms of the following software licensing agreement before using these timbral impulses. If your application does not fit the terms listed below please contact Numerical Sound about licensing details.

1) The timbral impulses sound samples files in this product remain the property of Numerical Sound and are licensed, not sold to you for use in conjunction with your music software that can convolve two audio signals.

2) After reading the licensing agreement you must email [ernest@numericalsound.com](mailto:ernest@numericalsound.com) that you have read the licensing agreement and acknowledged WITH YOUR FULL LEGAL NAME that you agree with the terms. It is only then that the data in this product can be used by you.

3) A right to use the enclosed sounds is granted to the original end-user of the product (Licensee) and is NOT transferable.

4) This license expressly forbids resale, relicensing, or other distribution of these timbral impulses (wav samples) either as they exist on disc or as downloadable files, or any modification thereof. You cannot sell, loan, share, assign, lease, lend, rent, upload or download to or from any database or server, or transfer any or all of the timbral impulses (wav samples) to another user, or use them in any competitive product.

5) The timbral impulses can only be used to modify an audio track by convolution it with one of the wav impulses in this product. The timbral impulses sound files cannot be used as sound samples in any audio material.

6) The Licensee cannot create, modify and or distribute these or other wav impulses based on in any part or manner of the impulses from "Universal Sordino Timbral Impulses" for commercially or non commercial purposes.

7) The licensee may use the timbral impulses (wav samples) for commercial or non commercial purposes within musical compositions only.

8) Licensor will not be responsible if the contents of this product does not fit the particular purpose of the Licensee. The timbral impulse sounds are licensed "as is" without warranties of any kind.

9) Neither the producer nor Numerical Sound, nor any distributor of Numerical Sound can be held responsible for any direct or indirect or consequential loss arising from the use of this product in whatever form.

10) Spectral analysis, reverse engineering these timbral impulses for creating you own impulses is prohibited. Publishing or posting the spectral properties of any timbral impulse in this library is also prohibited unless written permission is granted from Numerical Sound.

11) The timbral impulses in this product cannot be used to create con sordino (muted) samples for any sample library or sample patch commercial or non-commercial. Contact Ernest Cholakis for licensing terms if you are interested in converting string samples into con sordino samples.

## **Optional Terms**

12) Please consider giving credit on your website or in liner notes for compositions that use Universal Sordino Timbral Impulses. Your support is appreciated !

## **Watermarking System**

All the timbral impulse wav files in "Universal Sordino Timbral Impulses" are watermarked for each individual customer. Each individual impulse file contains a comprehensive encoding system that identifies and includes full personal customer information in a number of ways. SO BE CAREFUL WITH THESE FILES !
